

Littlebits

Thanks for downloading the dinc! LITTLEBITS font. LITTLEBITS is a sort of script-like display face which works well at most point sizes. Unlike dinc! commercial fonts, LITTLEBITS does not contain a full character set. It does, however, come close.....packed full of international characters, punctuation and even numbers!

LITTLEBITS is provided free of charge for all your layout, design and typing needs. It may be used for all standard design, typing and layout functions, personal or commercial, free of charge. LITTLEBITS is not in the public domain and remains the exclusive property of dincTYPE.
